

REMARKS

The Examiner has restricted the claims as between method and apparatus claims and further with respect to species A-C as assertedly depicted by Figures 1, 2 and the group of Figures 4a-e, respectively. Applicants respectfully traverse in view of the amendments above. In particular, new claim 30, presented above, is submitted to be generic to Species A-C. Apparatus claims 1-11, 21-23 and 27-29 have been canceled.

Based on a review of the figures, Applicants have allocated the method claims among the various species in a way which is thought to be consistent with the figures, as follows.

SPECIES DESIGNATION	CLAIMS
A	12-14, 18, 30, 32
B	12-20, 30, 33
C	24-26, 30, 31

Applicants hereby elect species A with traverse. Accordingly, it is submitted that at least claims 12-14, 18, 30 and 32 should be examined. Further, allowance of generic claim 30 should result in rejoinder of claims 15-20, 24-26, 31 and 33 for examination.

If the Examiner has any questions concerning this case, the Examiner is respectfully requested to contact Mike Pritzkau at 303-410-9254.

Respectfully submitted,

Michael M. Pritzkau
